

Swift Reach Email
3/20/2020 @ 12:30pm

Dear Families;

A short update will come each day to your inbox regarding ASCA's Distance Learning Plans and words of assistance to help your child with this new form of learning.

Today's new activity - visit ASCA's Facebook page each day to watch ASCA's morning announcements of the daily prayer, pledge and birthdays! Link is available on ASCA's website.

With each passing day things may seem more scary and stressful. Your child's teacher and I want to help with that stress. Please reach out if you are in need of support. If deadlines for your child's school work is a concern, please reach out to their teacher and me. Our goal is to keep your child's education progressing, while balancing life's realities during these highly emotional times. Children do best with schedules and normalcy.

If anyone in your household has tested positive for Coronavirus, I need to know immediately. I will be checking email throughout the weekend.

I continue to pray for all our school families - stay well, stay safe.

Blessings,
Ms. Johnson

We are #ASCA Strong - Distance does not separate us!
